RAILROAD WORKERS TO ACCEPT AWARD

LEADERS INDICATE WAGE CUTS WILL BE SWALLOWED

RAIL STRIKE AVERTED

Fear to Swell Ranks of Unemployed in Time of Industrial Depression.

Chicago, July 1.—The first indication that "The Big Four" brotherhoods will accept the railway wage cuts, thus averting a nation-wide rail strike, was given here today by H. Daugherty, vice grand chief of the brotherhood of locomotive engineers. He indicated that the brotherhoods might "informally" accept the wage reductions.

Chicago, July 1.—As the majority of the million and a half railroad workers throughout the United States reported for work today at reduced wages, their representatives a thousand strong assembled in Chicago for conferences regarding the 12 per cent wage slashes.

Railway officials here do not appear worried over the prospects of a strike. They pointed out today that the union leaders are cognizant of the industrial depression throughout the country and would hesitate long before recommending any action that would swell the ranks of the jobless.

GRASSHOPPERS ARE THREATENING CROPS

FARMERS SEEK MEANS TO COMBAT WINGED HORDE

HESSIAN FLY NOT BAD

Entomologist From University Visits Infested Fields and Makes Recommendations

Hordes of grasshoppers are threatening to ruin crops in the vicinity of Skidmore and Graham, according to reports received at the office of R. A. Kinnaird, county farm agent. The hoppers are especially numerous on the farms of O. T. Car rand Clay Holliday.

These grasshoppers in many localities in Missouri are doing great injury to such crops as clover, cowpeas, alfalfa and corn. Meadows and pastures have also been stripped. The hoppers are likely to continue doing injury to all growing crops; and if they are not destroyed, they may do great damage to the wheat crops this fall.

Many wheat fields are also infested with Hessian fly, although there is no serious damage at this time. County Agent Kinnaird and A. C. Burrill, an entomologist for the agricultural extension service of the College of Agriculture of the University of Missouri, visited several fields yesterday. The pest was found on the farms of Emmett Scott, John R. Evans, Ben Chandler, C. C. Carr and R. V. McKee, in three fields belonging to Mark Heflin and in the plots of the State Teachers College experiment station.

"The extent of infestation is nothing to be alarmed at," said the county agent, "but we know it is here. In some places there is enough that if the weather is favorable the chances are that it would infest wheat enough to do serious damage next year."

Every farmer who wants to prevent future damage can do so by plowing his wheat stubble under early this summer, if he intends to sow wheat there again, the entomologist announced. The field should be disced to kill out all volunteer wheat and sowing should be delayed until after October 1. If all farmers will do this, there will be no damage next year, he says.

Mr. Burrill returned to Columbia last night. He reported that other investigations made by the University had revealed serious conditions in fields along the Missouri river south of St. Louis.

To rid fields of the swarms of grasshoppers reported in some parts of the county, County Agent Kinnaird recommends the use of poison bait. The procedure is as follows:

Mix thoroughly in a tub or half barrel, 20 pounds of wheat bran and 1 pound of paris green or white arsenic. In a separte receptacle, mix 3 1-2 gallons of water with two quarts of molasses or syrup of a cheap grade. To this sweetened water add three oranges or lemons chopped fine. Add this mixture to the wheat bran and poison and mix thoroughly. The poison bait is then ready for use. The mixture should be moist and crumbly.

The poison bran should be sown broadcast like wheat or oats over the infested fields during early morning hours. The quantity mentioned will sow from 3 to 5 acres, and usually it will kill the grasshoppers in from 6 to 48 hours after they have eaten the poison. It is often advisable to sow a strip of the poison mixture along the fence rows or weed and grass grown ravines from which the hoppers emerge during the morning.

The first sowing of the poison bait should kill from 60 to 80 per cent of the hoppers present. Since the insects fly readily from one field to another, it may be necessary in some localities to sow the poison bait about every week or ten days until the pest is controlled. If the poison bait is properly prepared and sown there is no danger of poisoning birds or live stock.

CUTTING OF U. S. ARMED FORCES STARTED TODAY

All Men Who Want Discharges Will Be Released—Army to be Reduced to 15,000

Washington, July 1.—In accordance with the provisions of the new army bill, the administration today started cutting down the size of the American army. Secretary of War Weeks took the first step in this direction by issuing orders to commanders of the nine army corps to discharge any man from the army who wants to be discharged.

The provisions of the new army appropriation bill specifies a reduction to 150,000 officers and men by the first of October. The present army strength is about 225,000.

C. R. LAMAR MARKETS FIRST WHEAT AT ELMO

Buyers Declare Shipment is Earliest They Have Bought in Eight Years

C. R. Lamar had the first wheat on the market at Elmo several days ago. It was received by the Adkins Grain Company and it tested No. 1, except two loads. The yield was a fraction less than twenty-three bushels to the acre. Mr. Adkins says this is the first time he has bought wheat in June in twenty-one years, except in 1913, when he received some.

HOWAT JURY APPEARS HOPELESSLY DEADLOCKED

Columbus, Kan., July 1.—The jury in the trial of Alexander Howat and August Dorchy, Kansas Miners' union officials charged with violating the Kansas Industrial law, resumed its deliberations early today. The jury appears to be hopelessly dead locked. It is known that the vote on each ballot since early last night has been ten to two for conviction.

The case closed at 5:30 o'clock yesterday afternoon. "Uncle Jake" Shepard, attorney for the defense, in a bitter speech pleaded that the American people" Shoot the industrial law full of holes."

ROBBER MAKES SECOND ATTEMPT AT KECK HOME

Girl Again Frightens Away Intruder Before He Secures Valuables—Man Is Seen.

A second attempt at robbery of the home of Mr. and Mrs. E. W. Keck, 404 West Second street, was frustrated last night under almost the same circumstances as the first trial last Friday night.

Mr. and Mrs. Keck had motored to Burlington Junction early in the evening and their daughter, Miss Elizabeth Keck, was at a picture show. When she returned and stepped on the side porch, she noticed that a screen had been removed from a window. Without entering the house, she called for help at a neighbor's and return in time to see a man running from the house. He was of medium build, wore a white shirt and light gloves and carried a flashlight, she said.

The robber secured nothing. "He will carry away something next time, however," said Mr. Keck. "It will probably be buckshot."

HYDE TO SPEAK TO MEN'S BIBLE CLASS

MISSOURI GOVERNOR WILL ADDRESS 1,500 HERE SUNDAY.

ENDS CLARINDA CONTEST

Men From Three Counties Will Compose World's Largest Bible Class—To Take Movies.

Governor Arthur M. Hyde will address the largest men's Bible class in the world, assembled at Maryville next Sunday morning.

Grown first from friendly rivalry between two churches to a test of community loyalty, the contest between the men's classes of the Christian churches of Maryville and Clarinda has now been extended untill all Northwest Missouri is aligned against Iowa. The goal of 500 members for the last Sunday, set several days ago, now seems pitifully small, and even the new slogan, "I'll be one of 1500 Sunday", hardly sets the figure high enough to provide for all the delegations from nearby towns that will attend the inspirational gathering.

Leaders of the class began early this morning to get in communication with the governor, when it became apparent that the gathering would be more than a community or even county fair. Hyde is to speak at a celebration in his home city of Trenton on Sunday afternoon. He will be met at St. Joseph Sunday morning and brought to Maryville by automobile. After his address to the class, he will leave on the Wabash Railroad for Gallatin and from there will go to Trenton by automobile.

Begins at 9 o'Clock

The big meeting will start at 9 o'clock with music by a dozen bands. The entire Christian Church will be given over to the men for the forenoon. The overflow will be accomodated in the tent in which the meetings have been held each Sunday, and the streets roped off.

Every man, visitor or member, will count two points in the contest. If he is there by 9:30 o'clock, he will count an additional point. Those who enroll as new members will count two more points.

After Governor Hyde's address guests from other towns and communities will be furnished refershments in College Park. Those who can easily reach their homes for dinner are asked not to come to the park Fred Miller is chairman of the committee appointed to arrange for the eats. The other members are G. H. Westfall, A. K. Frank, William Swinford, A. L. Nash, and D. R. Palmer. A small barbecued beef will furnish part of the meal.

Harry Lyle is chairman of the committee which will take the roll of those present. Other secretaries will be E. G. Cook, Fred Newlon, W. E. Goforth, Howard Strong, Marion Smith, Dale Bellows and Frank Wallis.

To Take Movies

Moving pictures will be taken next Sunday as the men gather early in the morning and then all through the session. Ralph Marcell accompanied the boosters on tours and took pictures at various stops. The reel will be used in religious publicity work, and will be shown all over the United States.

If the attendance at the class reaches 1,500 it will set a new world's record, according to the Rev. R. E. Snodgrass. The largest men's Bible class in the world is at Long Beach, Cal., where the average attendance is about 1,000.

The contest between the Maryville and Clarinda classes was originally planned to enlist only men who were not already attending Sunday school, and it was along these lines that the men have proceeded before this week. With a 615 point lead, victory seemed assured, when it was rumored that Clarinda was planning a coup which would carry off victory in the contest at the last minute.

A committee composed of the Rev. Mr. Snodgrass, A. L. Nash, Edward W. Gray and Fred Miller made a trip to the Iowa town last Tuesday, conferred with the leaders there, and the rumors were confirmed. The Iowans admitted that defeat seemed inevitable unless new tactics were adopted and they admitted that they were going to get men from anywhere to attend the class on the last Sunday. Their meeting will be in the Chautauqua Auditorium at the Fair Grounds and their slogan is no longer "Help

FANS ARE ASSURED HIGH CLASS BALL

MANAGER ANNOUNCES LINE-UP FOR NEXT SUNDAY.

AGENCY FIRST OPPONENT

Kansas City Terminals Unable to Come and Fast Semi-Pro Team Is Substituted.

The Kansas City terminals will be unable to play in Maryville next Sunday, as scheduled, says a letter received today from Fred R. Green, manager of the St. Joseph Stockyards Team, which will play under the name of Maryville Athletic Club. Games for both Sunday and Monday have been substituted with the salaried team of Agency, Mo.

Green promises a team that will be a credit to Maryville and that will win practically all its games. Especially good battery men are promised by the manager. His letter says in part:

Saint Joseph, Missouri
July 1st, 1921.

Dear Sir:—

"The Terminals of Kansas City were forced to cancel their game with us for Sunday so I had to get busy and get another club for that day. I was very fortunate though as I have arranged to have the salaried club from Agency give us two games, one on July 3 and the other on the 4th. Agency should give us a real battle in both games. From what I hear, they have one of the best ball clubs in this part of the country.

"I hope they boys sell at least 150 tickets as we are going to be to a big expense and hate to lose much money this season. I am going to give Maryville a winning ball club if they will stick with men and help me. I think every one will like the club that I bring up there Sunday and I think they will look good but if they do not I will make some changes.

"Our battery for Sunday's game will be Wakeman and Cox. Wakeman has had a great season so far. He has pitched 12 games and lost none. Our battery for Monday's game will be Mc Fadden and Cox. "Mac" is a young right hander with a world of stuff and has worked in several games this season with good success. The most any club could get off his delivery was 4 hits.

"Fred Cox will be behind the bat in both games and he is not a stranger to the Maryville fans. Cox is absolutely the best catcher in or near

INTRODUCES A NEW MEASURE TO REDISTRICT

Substitute Bill Would Permit Circuit Judges Holding Office to Serve Out Terms.

Jefferson City, July 1.—The new judicial redistricting bill to take the place of the one held up by referendum, but which, unlike its predecessor, leaves the present circuit judges in office until their terms expire, was introduced in the house yesterday by Representative Elmer of Dent county.

Elmer also framed the previous bill. While the new bill takes some of the sting out of the redictrieting for the Democrats, it is expected to stir new opposition, because it provides only thirty-three circuits, where the bill held up provided thirty-four. The original districts framed by the Democrats years ago numbered thirty-eight.

One of the changes in the new bill is to make the Thirty-third District an irregular tract consisting of Platte, Clinton, DeKalb and Gentry counties, to provide a place for Judge Burns, Democrat. Under the other bill there was a conflict between Judge Burns and Judge Hughes of Clay county. Clay goes into the Seventh District with Ray and Carroll counties.

The Twenty-ninth District, containing Jefferson City, in the former bill, consisted of Cole, Miller, Maries, Osage and Gaseonade counties.

Franklin county is now added to the district and taken out of the nineteenth. This district presides over by Judge Slate of Jefferson City, Democrat, who started the referendum now will be Republican.

Texas and Webster counties change place in the bill.

The first district in the new measure is as follows: Atchison, Nodaway, Holt and Andrew counties.

OBITUARY

Francis Margaret Logan, daughter of Fred and Ethel Logan was born November 14, 1914 near Burlington Junction, Mo., and died after a brief illness at her home near Quitman, Mo., on June 6, 1921, age six years, six month and twenty-two days. The funeral was conducted at the home on June 7, at 10 o'clock by the Rev. G. W. Maxwell, pastor of the Christian Church at Burlington Junction and the little lady was laid to rest in the Wilcox cemetery.

Dear Francis, she has left them,
Left this world of grief and care,
And their hearts feel sad and lonely
When they see her vacant chair;
And her father's heart is striken
With a wound no words can heal
Only those with like affliction
Know the sorrow that he feels.

And her mother, God have pity,
Give her grace to bear the blow,
For the trial that's put upon her,
Only mother's hearts can know.
Help her now to look to Jesus
And to trust in him alone,
Help her to say, "Oh' blessed Savior,
They will not mine be done."
And those children, how they'll miss her,
Day and night for evermore,
Trust in Jesus, little children,
She is only gone before.
Think of her as with the angels,
Guide your lives with zealous care
Then some day you, too, may meet her,
In that world that's free from care.

SPECIAL FEDERAL TAXES ARE DUE THIS MONTH

The list includes the tax on brokers, pawnbrokers, museums, theaters, and concert halls, circuses, bowling alleys, shooting galleries, riding academies and automobiles operated for hire.

When the tax is paid a stamp is issued by the Collector of Internal Revenue, which the person engaged in the business or occupation subject to the tax is required to post conspicuously in his place of business. The tax on brokers, whose business it is to negotiate for others purchases or sales of stocks, bonds, exchange, bullion, coined money, promissory notes or other securities, and produce or merchandise, is $50 a year. If the broker is a member of a stock exchange, produce exchange, board of trade or similar organization which sells produce or merchandise and the average value during the preceding year ended June 30 of a seat or membership in such organization was $2,000 and not more than $5,000 he is required to pay an additional tax of $100. If such value was more than $5,000 he is required to pay an additional tax of $150. Pawnbrokers are subject to a special tax of $100 a year.

The tax on ship brokers, who business it is to negotiate freights and other business for the owners of vessels or for consignors or consignees of freight carried by vessels, is $50 a year.

Theaters, museums and concert halls are taxed accordingly to their seating capacity, and the population of the city or town in which they are located. Those having a seating capacity of not more than two hundred and fifty are taxed $50; seating capacity of more than two hundred and fifty and not exceeding five hundred $100; exceeding five hundred and not exceeding eight hundred, $150; in excess of eight hundred, $200. The tax in cities or towns of 5,000 inhabitants of less is one half of these amounts This tax is paid by the proprietor. The special tax on circuses is $160.

The tax on bowling alleys and billiard rooms is $10 for each alley or table. Shooting galleries are subject to a tax of $20. The tax on riding academies is $100.

Persons carrying on the business of renting or operating passenger automobiles for hire are required to pay a tax of $10 for each such automobiles having a seating capacity of more than two and not more than seven and $20 for each such automobile having a seating capacity of more than seven.

Special taxes on manufacturers of tobacco products are due also in July and on manufacturers and wholesale and retail dealers in oleomargarine, adulterated and renovated butter, filled cheese, and persons engaged in the manufacture of mixed flour.

Returns of the capital stock also are required on or before July 31. The capital stock applies to every corporation carrying on or doing business in the United States. The tax on domestic corporations is $1 for each $1000 of so much of the fair average value of its capital stock for the preceding year ended June 30 as is in excess of $5,000. Foreign corporations are required to pay a tax of $1 for each $1,000 of the average amount of its capital stock employed in the transaction of its business in the United States during the preceding year ended June 30, without the benefit of the $5,000 deduction.

WAS ONE OF THE EARLY SETTLERS OF CONCEPTION

With the Death of Mrs. Rose Brady, Only Two Women Remained of the First Settlers.

The following is taken from this week's Conception Junction Courier:

Last Thursday, June 23, at 4:30 p. m. Mrs. Rose Brady, nee Growney, peacefully passed away at her home 3 miles northwest of Conception Junction, after a long illness and in the presence of most of her children. And on Saturday, June 25, her mortal remains were laid to rest in St. Columba's cemetery, at the side of her spouse, the late Judge Wm. Brady. The funeral was marked by the great simplicity which is observed at funerals held from the Im-Conception Church. Her son, the Rt. Rev. James P. Brady, said a Requiem Mass, during which the Holy Rosary was recited. After the Mass the Rev. Father Joachim of the Holy Family Parish, to which the deceased belonged, preached a short sermon and then the long procession of relatives and friends, with the sun above hiding in mourning, started for the graveyard where, after the usual church prayers, the grave closed over the form of a woman who for 63 years, all spent in this township, edified all who knew her, and whose name vividly calls back all the memories of olden times.

Mrs. Rose Brady was born near Oldcastle, West Meath Co., Ireland, about 86 years ago. Having emigrated to this country, she married William Brady of the same county on Feb. 22, 1857, at Brooklyn, N. Y. There also their first child, Mary, now Mrs. P. Keeler, was born in 1858. But whilst Mrs. Brady watched at the cradle of her darling, her husband in company with Phillip Growney, his wife's brother, John McCarthy, Thomas and Edward Reilly, Jeremias Sullivan and Michael Fagan, started for the wild west, where in Jefferson township, Nodaway county, Mo., the Rev. James Power and some others had bought 20,000 acres of land for the founding of a Catholic colony. They arrived at their destination on April 20, 1858, and at once went to erect for their families some primitive dwellings on about the same place where the Brady and Growney farms are now located.

Here it was where Mrs. Rose Brady joined her husband in the fall of 1858. Here William, Thomas, Elizabeth, Leda, John, Lawrence, Rose, James and Sarasfield were born to them, all of whom are living yet with the exception of Leda, who a number of years ago died as the former wife of Mr. R. W. Graham. Here they witnessed the growth of the country, at that time only a vast prairie; no houses but only shanties; no barns for many years to come; no buggies or carriages but only rough lumber wagons; even no horses, but oxen with which they had to do their work. "What shall become of us in this wilderness?" Mrs. Brady and the other women of the colony often said to Father Power when he came to visit them. Yet they were holding out, and it was especially Mr. William Brady who kept them together. The years passed and so al passed the lives of these brave pioneers. One after the other they died when on June 10, 1903, the last summons also came for their leader, at the ripe age of 85. But before Mr. Brady went to a better world he not only saw the prosperity all around him; himself honored and esteemed by all; but he and his wife had also the happiness to see their son James elevated to the holy priesthood May 30, 1897. And after the death of her husband, Mrs. Brady, who had always been with him one soul in two bodies, witnessed how this her chosen child became a dean in the diocese of St. Joseph; then Vicar General, and lately also the Apostle Administrator. She could now close her eyes in peace; they had seen great things.

Only two women remain of our first settlers, viz: Mrs. Michael Fagan and Mrs. Thomas Reilly, besides Attorney John McCarty of Stanberry, who was five years old and James Sullivan of the Immaculate Conception Parish, who was a few months old when they arrived at Conception on that memorable Tuesday, April 20, 1858.

W. H. TAFT IS NAMED AS CHIEF JUSTICE BY PRESIDENT

Senate Confirms the Appointment—Borah, Johnson, LaFollette and Watson Opposing It

Washington, July 1.—Former President William Howard Taft was nominated late yesterday by President Harding to be chief justice of the United States and his nomination was confirmed by the senate in executive session.

The nomination was not confirmed without opposition, however, and a roll call was understood to have been voiced by Senators Borah, Idaho, Johnson, California, and Lafollette, Wisconsin, all Republicans who were said to have critized Mr. Taft's record and his nomination.

On the roll call, however, only four votes were cast against confirmation. These were by Senators Borah, Johnson and Lafollette and Sentaor Watson, Democrat, Georgia.

The final vote was 60 to 4. An agreement was reached not to make public the roll call.

Mr. Taft is the first man in the nations history to be chosen for the highest office in both the executive and judicial branches of the government. For more than thirty years prior to his retirement from the presidency in 1913, he had been almost constantly in public service.

Mr. Taft is in his sixty-fourth year and is said by his friends to be in robust health, despite that fact that he had lost considerable weight since he left the Persidency.

Edward Turner of Hopkins is in Maryville today on business. He received a letter from his brother, Galen, who is in camp at Lake Geneva, which stated that he was having the time of his life.

Mr. and Mrs. W. H. Hoy of Clearmont were in the city yesterday on business.

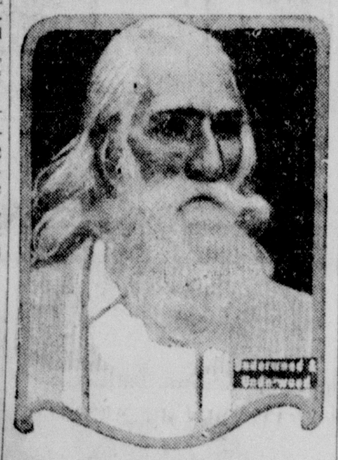
WORKER OF MIRACLES?



According to many of those present, mutes were made to talk and hear, and the blind were made to see by Brother Isaiah, shown here, in Confederate park, Jacksonville, Fla., before a crowd of 10,000 or more persons recently. In one case, that of a boy who had been blinded in one eye by an icepick, a test made by newspaper men gave every indication that the boy had regained his sight. In other cases his miraculous power was said to have failed.

SALVAGERS DID GOOD WORK

Recovering Disabled Ships During the World War Was Matter of Highest Heroism.

Landlubbers link salvaging ships and cargoes to easy deals in treasure trove, but the skippers of the salvaging ships would tell them that salvage is sweaty and poorly paid exertion. They do not regard themselves as adventurers of romance. They are divers of seagoing ambulances. They are marine surgeons, who operate on sick or disabled craft, says the Spokane Spokesman Review.

Salvaging before the war was a matter-of-fact trade, but during the war it became a business fraught with extraordinary dangers. The maritime belligerents had to save every damaged or sunken ship that they could, and the salvager was almost as indispensable to winning the war as was the man-o'-war.

At the Dardanelles five vessels were sunk near shore, and yet all were salvaged expeditiously by the Liverpool firms.

In June of 1917 the salvagers recovered four good-sized steamers in ten days that had been sunk in the English channel. They salvaged Beattie's flagship and the Britannia and the Asturias; the submarine K-13 after its crew had been submerged two and a half days; the wrecks off Ostend and Zeebrugge.

The salvaging boats had at one and the same time to act as machine shop, power house, pumping station and tug. They worked in a single spot, where they were target for every German submarine anywhere around. They showed a heroism beyond praise.

St. Joseph and has been offered two different Western League contracts this season.

"The following will be our line up and batting order for both games: Wright, center field; Lauder, left field; Hays third base; Griffin, 2nd base; Campbell, right field; Miller, first base; Poolman, short-stop; Cox, catcher Wakeman and Mc Fadden, pitchers.

"This combination should win practically all the games they play this season. If they don't show up good we will go out and get some other players. We also expect to use some home talent within a couple of weeks.

"Sunday, July 10, we are going to have a special ladies day. All ladies will be admitted free and we want to send a special invitation to the college students. We will announce our visiting club for the 10th at the game Sunday and Monday."

GLADYS BOOKMAN UPSETS "DOPE" IN COLLEGE TENNIS

Defeats Ruth Miller in Semi-Finals of Girl's Singles—Both Play Well.

Ruth Miller was defeated by Gladys Bookman in the semi-finals of the girls singles tournament at the college last night. The score was 1-6, 6-4, 6-3. This was the surprise of the tournament as Miss Miller had been expected to win. This match places Miss Bookman in the finals and makes her the favorite for the championship.

In the first set Miss Miller played in first class form and won without any effort. Early in the second set however, she was hit in the eye by a foul off one of the posts. From that time on she did not play her steady and accurate game

However, the playing of Miss Bookman is not to be discredited. Her serve came over the net with a wicked twist and her returns were placed very accurately, many of them being within a few inches of the lines. Both girls picked up some close ones. Miss Miller was especially strong on the back-hand strokes. This match would have been a credit to any players and Miss Mary MacLeod, who has charge of the tournament, is very much pleased with the showing of both girls.

An Inspirational Meet.

The individual church was submerged in a community appeal in the two tours. The slogan is "Beat Iowa," as Clarinda's is "Beat Missouri." It was only after careful consideration that the Maryville men decided to enter the last week's campaign on such a large scale. Its purpose is not to take men away from other Sunday schools but to give them added inspiration by contact with others in the big gathering here. The advertising which Sunday school and church work has received is expected to react for good in all the congregations which send delegations.

Clarinda will have Chaplain W. E. Robb for its principal sepaker at the gathering there. Chaplain Robb went to France with the 168th infantry, Rainbow Division, and became the idol of his men. Running on the Democratic ticket last November, he was elected sheriff of Polk county (including Des Moines). Since taking office he has been a terror to the forces of evil in Des Moines.

PICKERING.

(O. G. Null)

Mr. and Mrs. H. M. Lincoln returned last Friday from a three weeks' visit with friends and relatives at Deerfield, Garden City and Florence, Kansas.

Mr. and Mrs. J. E. Williams, Mrs. Jennie Williams and Horace Williams, former Pickering folks, but now residing at Stanberry, visited the families of W. T. Rutherford and John McGuire over last Sunday, returning home Tuesday.

Dr. Perry Hood, the popular Parnell dentist, came over last Saturday for a visit with his brother, L. L. Hood. This was his first visit here for eighteen year, though he made his home here before beginning the practice of dentistry.

Mrs. A. H. Harris and little daughter of St. Joseph are visiting with her mother, Mrs. Leah Morford and other relatives here this week.

Mr. and Mrs. Chas. Chapman and family of Sunrise, Wyoming, are visiting with the family of his father, Rev. W. A. Chapman this week. They are on their way to Florida, where they expect to locate on account of the health of one of their sons who could not stand the high altitude of Wyoming. They are driving through in their Reo car and camping out of nights and in this way spending some time in making the change of location.

Mrs. Lester Ellis and three sons of Guilford are visiting her parents, Mr. and Mrs. O. G. Null and with other relatives here this week and will stay for a family picnic at the Howard Null home on July 4. Mrs. Ellis is suffering from a badly sprained ankle but thinks she will be able to walk within another week.

C. E. Florea started his threshing outfit at the R. J. Montgomery farm, north of Mozingo Valley, on Thursday and expects to be in the Mowery neighborhood the first of next week.

As Wednesday was the seventy-first birthday anniversary of Rev. W. A. Chapman the members of his congregation had planned a surprise party in honor of the event. Consequently about two hundred of his friends and neighbors called upon him that evening, bringing with them a generous supply of ice cream and cake which was served on the church lawn. A pleasant social time was had and all united in wishing him many happy returns of the event.

The Missouri Wesleyan Quartet of Cameron gave a concert at the M. E. church here on Thursday evening which was greatly enjoyed by the people of this community. This quartet has been here on previous occasions and never fails to please its audience with a well rendered program.

REES LUMBER COMPANY NOW OWNS BRICK YARDS

A three cornered trade a few days ago resulted in the ownership of the Burlington Junction brick yards passing from R. N. Barber to the Rees Lumber Co.

Mr. Barber disposed of the yards to L. L. Clary of Hopkins, taking in exchange some Kansas farm land. Before the deal had hardly been completed Mr. Clary and R. H. Rees for the Rees Lumber Company were dickering for another trade and the negotiations finally resulted in the transferring of the property to the lumber company.

R. H. Rees stated Tuesday when asked about the operation of the yards, that they will not be opened just yet. There is at present enough brick on hand to supply the demand, but a little later he stated some tile would probably be manufactured. — Junction Post.
